

# UN Intention to Mandate Covid Measures Permanently

On September 20<sup>th</sup> 2023

[The People's Declaration - James Roguski \(substack.com\)](https://substack.com)

If we don't object to it, then they assume we are giving our consent.

The UN does not have the authority to impose "Permanent COVID Measures" on the USA or the world, for that matter. We are a sovereign and independent country (similar to other member countries of the UN) with a CONSTITUTION & BILL OF RIGHTS like no other, functioning government (with 3 co-equal branches) & private institutions, laws & justice system, the strongest military in the world so far, and the number one economy in the world that the UN intends to rule over without a fight? Who do they think they are? WE WILL NEVER SURRENDER our FREEDOM and our way of life, especially how we take care of our health issues, to unelected bureaucrats of any organization local or international. The UN and its co-conspirators WEF, WHO, and the Nazi World Order Globalist Elites are trying to impose their dystopia One World Government controlled by them where "people will not own anything but they will be happy" according to Klaus Schwab of the WEF. THESE PEOPLE ARE REALLY SICK AND EVIL. THEY SHOULD BE REJECTED AND CONDEMNED BY THE PEOPLE OF THIS WORLD!

Does your consent matter ?

- You may think you are just one small voice
- You may think you can't make a difference
- But the incredible truth is that you are a sovereign being, and they need your consent in order to avoid the punishment for **their crimes against you**. They need you to agree to be hurt. [evil needs your consent](#)

A single voice saying No has an impact.

Here is a powerful declaration – a statement of spiritual rights. Copy and paste this everywhere -

***"I say NO to this UN declaration. My consent is withdrawn. I am a sovereign being and I REJECT any declaration by any foreign body that seeks to impose pandemic measures upon my sovereign nation. This is an assertion of my spiritual sovereignty, and a notice that you (the UN) will be held fully responsible for any suffering, injury or death resulting from imposition of pandemic measures upon me, my family, my community, my nation. I do not give my consent"***
